

A workshops on „Aeronautical Data Quality“and „Terrain and Obstacle Data “

04.07.2018 12:42

A workshops of the EUROCENTRAL on „Aeronautical Data Quality“and „Terrain and Obstacle Data “ were held at BHANSA-Bosnia and Herzegovina Air Navigation Services Agency head office on 26-29 June 2018.

These workshops were attended by representatives of BHANSA, Bosnia and Herzegovina Directorate of Civil Aviation-BHDCA, representatives of all international airports in BiH (Sarajevo, Mostar, Banja Luka and Tuzla), as well as Federal Administration for Geodetic and Real Property Affairs. On behalf of the Federal Geodetic Administration was Mr. Denis Tabučić, he also held a suitable presentation.

Providing of these workshops was enabled trough the concluded cooperation agreement between BHANSA and EUROCONTROL, and condition of the regulatory requirements implementation was

considered, and also agreed cooperation between BiH competent authorities and EUROCONTROL regarding Aeronautical Data Quality and Terrain and Obstacle Data issues presenting very important preconditions for safe and efficient air traffic.
