Federalna uprava za geodetske i imovinsko-pravne poslove

Expert meeting of the Geodetic Administrations from Bosnia and Herzegovina and Republic of Croatia will be held in city of Metković on 26 and 27 October 2017 in organization of the State Geodetic Administration of Republic of Croatia.

First day of the meeting it is planned to present the organizational structure, news in the legislative framework and current projects of all administrations. Second day of the meeting it is planned to organize an excursion for all participants. After several years of break, the tradition of holding these expert meetings between the Geodetic Administrations continues.
