

# CILAP PROJECT EVALUATION

14.09.2018 11:01

The evaluation of the CILAP project was carried out this week in premises of the Federal Administration for Geodetic and Real Property Affairs. The evaluation was carried out by NIRAS, a largest European consultant firms for development. During 2017, NIRAS successfully completed more than 300 tasks related to assistance in more than 80 developing countries.

The evaluation covers the second phase of CILAP project over a two-and-half year period (from the inception of the second phase of the project in April 2016 until September 2018). The purpose of this evaluation is to provide Embassy of Sweden information and knowledge regarding the outcome and effects of the CILAP project achieved, because the Swedish Embassy in Sarajevo financially supports the project. Representatives/working group coordinators of all six project components presented through the interviews and examples the results achieved by the evaluators and the remaining planned activities.

An evaluation of the appropriateness and effectiveness of the activities carried out by the CILAP project and the project's sustainability assessment are the aim of the evaluation carried out.

The positive effects and results of the CILAP project are the reason of begun discussions for the potential

continuation of the project - the third phase.
