

FEDERAL MINISTER FOR PHYSICAL PLANNING MR. ŽELJKO NEDIĆ ON THE OFFICIAL VISIT TO THE FEDERAL GEODETIC ADMINISTRATION

13.09.2023 15:04

Federal minister for Physical Planning Mr. Željko Nedić and assistant minister Mr. Goran Lulić visited the Federal Geodetic Administration on September 13, 2023 and held a meeting with Director, Mr. Željko Obradović.

At the meeting, they discussed the modalities for cooperation between two institutions, especially in the domain of the spatial data infrastructure and its increasing importance. These two institutions actively participate in the spatial data infrastructure, all with an aim of collecting, distributing and maintaining the spatial data.

Director Obradović presented the current activities and projects implemented by the Federal Geodetic

Administration with a special emphasis on the harmonization between cadastral and land registry data, the public exhibition of data regarding survey and cadastral classification of land and other projects within the land administration sector.
