

Geospatial World Forum (GWF) held in Rotterdam, the Netherlands

16.05.2024 22:07

Geospatial World Forum (GWF) is a collaborative and interactive platform that demonstrates the collective and shared vision of the global geospatial community. GWF is an annual gathering of geospatial professionals and leaders representing the entire ecosystem of public policies, national mapping agencies, private sector enterprises, multilateral and development organizations, scientific and academic institutions, and large end-users from government businesses and citizen services.

In the period from May 13 to 16, 2024, the 15th Geospatial World Forum (GWF) was held in Rotterdam, the Netherlands. On behalf of the Federal Geodetic Administration participated Mrs. Jelena Zelić and Mr.

Jasmin Ćatić. At the "National Mapping Summit" session, Mr. Jasmin Ćatić held a presentation on the topic „Digital transformation of the land administration sector in the Federation of Bosnia and Herzegovina“, and presented key moments and milestones in this process from the aspect of the FGA.

Several hundred delegates from more than 70 countries of the world participated in this year's Forum, and a fair was organized where it was possible to see the latest technology when it comes to spatial data management.
