

INCLUSION OF THE NEW MUNICIPALITIES IN THE FBiH IN ADDRESS REGISTER SYSTEM

02.02.2018 14:38

The Federal Administration for Geodetic and Real Property Affairs and CILAP project organized an working metting, which marked beginning of the official implementation of the Address register in the municipalities Zavidovici, Zivinice, Velika Kladusa, Bosanska Krupa, Pale, Lukavac, Sanski Most on 1 February 2018. The topics of the meeting were: an analysis of the existing settlement system and development of division plan of the streets and squares for all settlements in accordance with the Law.

On this occasion, presentation related to the relevant project activities was held by Mrs. Zeljka Kolobaric, coordinator of the working group for the Address Register establishment in Federation Bosnia and Herzegovina. The steps that should follow in establishing the Address Register were presented, which are creation of street polygons, as well as the adoption of municipal decision making on the address system. They are acquainted with the contractual obligations and phases of establishing the Address Register. An application for establishing and managing an Address register is also briefly presented.

The benefits of establishment an Address Register were highlighted at the end of the meeting. The final

goal of the CILAP project is the implementation of a unified system for managing of address register, which will provide address management in a unique, functional and well-mannered way, with the collection of all data in the central database, as well as active work on determining house numbers, settlements and streets. Address register associated with data of Bosnia and Herzegovina's geodetic authorities will be the basis for issuance of correct identification documents and civil registration, solving of communal problems, issuing of various permits, statistical purposes.
