

MEETING WITH REPRESENTATIVES OF TOMISLAVGRAD

15.02.2023 14:35

A meeting between representatives of the Federal Geodetic Administration and Municipality Tomislavgrad was held in Municipality's premises on 15 February 2023. At the meeting participated Mr. Željko Obradović, Director, Mr. Sead Hadžić, Assistant Director and Mr. Ivan Buntić, Mayor with his associates. Topic of the meeting was analysis of current activities of the land administration sector in Municipality Tomislavgrad.

The harmonization between cadastral and land registry data was finalized for 16 cadastral municipalities and cadastral office is equipped with necessary equipment. The public exhibition of data regarding survey and cadastral classification of land is realized in 3 cadastral municipalities (Kopčevina, Lipa II and Selište)

and public exhibition for three more cadastral municipalities (Grabovica, Korita and Prisoje) has been planned. The address register is in its final phase, and the marking is expected to be completed by July this year. At the meeting also discussed on Utility cadastre for urban part, as well as Land consolidation project of Duvanjsko polje which requires a special analysis of cadastral and land registry documentation, as well as the readiness of the land owners and municipality representatives for the project preparation and implementation.

This meeting served as a continuation of the previous successful cooperation and discussions between the Federal Geodetic Administration and representatives of the municipality Tomislavgrad.
