

MEETING WITH THE MAYOR OF THE MUNICIPALITY OF KUPRES

03.02.2026 13:21

On February 3, 2026, a meeting was held at the premises of the Federal Administration for Geodetic and Real Property Affairs between representatives of the Administration and the Mayor of the Municipality of Kupres, Mr. Danko Jurič.

The main topic of the meeting was the implementation of projects within the land administration sector in the Municipality of Kupres, as well as the planning of forthcoming activities. It was particularly emphasized that the public display of data regarding survey and cadastral classification of land has been completed in five cadastral municipalities, and that the transfer of data to the land register for these cadastral municipalities is planned for the upcoming period.

The participants of the meeting expressed mutual satisfaction with the cooperation achieved so far and confirmed their readiness to enhance joint activities on land administration projects of importance to the

Municipality of Kupres.
