

Real Estate Registration Project – Handover of Surveying Equipment

31.10.2014 09:00

The handover of the satellite receivers and the total stations, purchased as part of implementation of the Real Estate Registration Project, took place on 27 October 2014 in the offices of Federal Administration for Geodetic and Real Property Affairs of FBiH. Federal Administration for Geodetic and Real Property Affairs of FBiH is implementing the Real Estate Registration Project, which is funded by the World Bank loan. The purchase of the equipment (18 GNSS devices and 8 total stations), intended for the municipal departments responsible for maintenance of the survey and the real estate cadastre, was co-financed by Federal Administration for Geodetic and Real Property Affairs of FBiH and local units of self-government.

In his welcome address, Mr. Željko Obradović, Director of Federal Administration for Geodetic and Real Property Affairs of FBiH, briefed all present representatives of the municipal departments on the activities and the projects that Federal Administration for Geodetic and Real Property Affairs of FBiH is currently implementing. The participants expressed the most interest in the new World Bank project that is implemented by the Administration (the Real Estate Registration Project). There was also a brief and constructive discussion on development and adoption of the law on survey and real estate register and future set up of the land administration authorities in FBiH.

The representatives of the municipalities covered by this purchase highlighted their gratitude and support for future projects of this kind. The above-mentioned satellite receivers are intended for operation in the permanent stations network and they represent cutting-edge technology in this field. The accuracy that the instruments are achieving with the help of the network adjustments is below 2 cm. Also, two-year technical support has been ensured. The suppliers of the equipment, i.e., „Geokom“ Ltd. and Geowild Ltd., will be available under the signed contract to provide additional assistance and hold trainings on operation of the instruments referred to above.

The municipalities covered by this project activity are:

1. Gradačac
2. Kladanj
3. Tuzla
4. Orašje
5. Odžak
6. Ilidža
7. Vogošća
8. Mostar
9. Bugojno
10. Travnik
11. Fojnica
12. Doboj Jug
13. Visoko
14. Ljubuški
15. Novi Grad
16. Prozor – Rama
17. Fojnica
18. Olovo
19. Srebrenik
20. Kupres
21. Lukavac
22. Sanski Most.
