

SETTING UP THE FIRST HOUSE NUMBER IN THE MUNICIPALITY OF HADŽIĆI

31.10.2017 14:59

On 30th October 2017 by placing of a tile with house number 57 on the building of the New Elementary School "Hadžići", symbolically marked the beginning of the marking for the area of Municipality Hadžići.

The plate was set up by the mayor of the municipality, Mr. Hamdo Ejubović, who emphasized the importance of this project, both for citizens and for certain state services (emergency aid, police, post office, etc.). Over the next period there will be over 11 500 plates with street names and house numbers on objects subjected to numbering. The plan is to do continuous marking of streets and settlements per inhabited place.

Initiatives for the establishment, maintenance and distribution of address data in the FBiH area has been initiated by the Federal Administration for Geodetic and Real Property Affairs with the support of the

CILAP project, and in cooperation with the local government units.
