

SIGNED AGREEMENTS ON THE USE OF COMPUTER EQUIPMENT

31.10.2024 09:31

In the premises of the Federal Administration for Geodetic and Real Property Affairs, agreements on the use of computer equipment were signed with the High School of Construction and Surveying Sarajevo, the High School of Construction Mostar, the High School of Construction Juraj Dalmatinac Mostar and the High School of Construction and Geodesy Tuzla. The agreements regulate the use of computer equipment that the Administration provides to the high schools for the use, with the purpose of helping in the regular teaching process.

On this occasion, the director of the Administration, Mr. Željko Obradović informed the present representatives about the current activities of the Federal Administration, as well as the planned projects.

The representatives thanked the Administration for the continuously understanding and support, which means a lot to them during performance of their regular teaching duties.
