

Study visit within the DELEF project, component 3- Spatial Data Infrastructure

02.09.2024 10:02

In the period from August 26 to August 30, 2024 a study visit was realized within the component 3 of the DELEF project; Support for the development of Spatial Data Infrastructure. The delegation stayed at the headquarters of the Swedish Mapping, Cadastral and Land Registration Authority Lantmäteriet, and they had the opportunity to visit several other institutions, such as the SCB - Statistics Sweden, and the Municipality of Sollentuna, which belongs to the metropolitan area of Stockholm.

The delegation of the Federal Geodetic Administration consisted of Mr. Jasmin Ćatić, coordinator of the component 3, Mrs. Jelena Zelić, member of the SDI working group, and Mr. Benjamin Emirhafizović,

also a member of the working group.

The study visit was realized according to the DELEF project annual activity plan, and the main goal was the exchange of experiences, examples of good practices in the domain of network service implementation, Geoportal development, and activities related to communication with SDI entities, communication platforms, strategies and plans. The remaining activities for 2024 were also planned in detail, and a preliminary draft of the plan for 2025 was created when it comes to the Spatial Data Infrastructure component.
