

THE REGULAR ANNUAL MEETING OF CILAP PROJECT MANAGEMENT AND LEADERS OF ALL COMPONENTS

11.12.2019 15:15

The regular Annual meeting of CILAP project management and leaders of all components of Federal Administration for Geodetic and Real Property Affairs and Republic Administration for Geodetic and Real Property Affairs of RS was held in Jahorina mountain on 10-11 December 2019.

The meeting was led by Ms. Andja Zimić, CILAP project director in cooperation with project coordinators. The coordinators of all components presented the results and indicators for 2019, as well as plans and indicators for the following 2020. As the annual meeting is an important activity that defines the work and time plan, the additional consultations and arrangements have been made between the leaders of

the components of both administrations regarding the harmonization of future plans.

The regular Annual meeting of CILAP Project management and leaders of all components serves as a base and good preparation of the Annual Report, which will be discussed at the Management Board in early 2020.

All participants expressed their satisfaction with the results achieved and their joint work and expect similar and even better results in the continuation of the CILAP project implementation through the phasing out.
