The regular annual meeting of DELEF project management and component leaders - the Federal Administration for Geodetic and Real Property Affairs and the Republic Authority for Geodetic and Real Property Affairs of RS was held in Čapljina from October 22 to 24, 2024.

The meeting was led by Mrs. Jenny Svennewall, director of the DELEF project, in cooperation with the project coordinators who were appointed in front of both entity geodetic administrations. During the meeting, the coordinators of the components discussed the results so far and the achieved indicators for the year 2024, as well as the plans and indicators for the year 2025. As the annual meeting is an important activity that defines the work and time plan, the additional consultations and arrangements have been made between the leaders of the components.

The regular annual meeting of the DELEF project management and component leaders also serves as a basis and preparation for the preparation of the Annual report that will be considered at the Steering Committee, which will be held in early 2025. All participants expressed their satisfaction with the results achieved and their joint work and expect similar and even better results in the continuation of the DELEF project implementation.
