

# THE TWENTY-FIRST SESSION OF THE FBİH SPATIAL DATA INFRASTRUCTURE COUNCIL

01.12.2020 09:48

The twenty-first session of the Federation of Bosnia and Herzegovina Spatial Data Council was held via electronic communication channels on 30 November 2020. The Council members discussed the following agenda items:

- Adoption of the minutes from the twentieth session of the SDI Federation of BiH Council
- Information about the Spatial Data Infrastructure Law
- Information about the activities of all Working Groups since last session
- Information about participation of institutions in the SDI FBiH activities
- Information about SDI FBiH data harmonization
- Information and presentation on SDI FBiH metadata update
- Development of the SDI FBiH Geoportal- information and presentation
- Draft on SDI FBiH Work report
- Appointment of the new members
- Other:

-Information about the project activities

-Plans for upcoming period

Special attention was devoted to presentation of additional possibilities of the SDI Geoportal which is developed and tuned for the representation of the multiple data set.

The present Council members expressed satisfaction with progress made since last session and gave support in technical preparations for further data publishing on SDI FBiH Geoportal, and invited other institutions (the SDI FBiH subjects) to make additional efforts for data standardization and availability within its jurisdiction, all with support of the Federal Administration for Geodetic and Real Property Affairs.

Next SDI FBiH Session has been planned during December 2020.
