

TRADITIONAL DAYS OF CROATIAN SURVEYORS

08.05.2023 10:32

After four years, the Croatian geodetic society has organized traditional 20th Days of Croatian surveyors in Seget Donji, Republic of Croatia on May 5-7, 2023. It was an occasion to mark the 50 years of the Croatian society's first meetings, 70 years of independency and 100 years of publication of the Official Gazette.

Over 700 participants took part in the meeting, and the President, Mr. Rinaldo Paar handed the appreciation certificates and plaques to outstanding and deserving individuals, institutions and associations. At the meetings participants discussed on the current state of geodetic studies in the Republic of Croatia, the current activities of the State Geodetic Administration and the challenges in private practice.

On behalf of the Federal Geodetic Administration at the meeting attended Director, Mr. Željko Obradović.
