

Visit of World Bank Representatives to FGU - Consultations on New Project

26.03.2024 15:34

On March 26 and 27, 2024, representatives of the World Bank visited the Federal Administration for Geodetic and Property-Legal Affairs for final consultations regarding the approval of financing for a new project in the Federation of Bosnia and Herzegovina. The World Bank delegation included Mr. Christoph Puscha, Practice Manager, Mr. Paul Scott Prettitore, a land administration specialist, and Ms. Samra Bajramović, Operations Analyst in the World Bank office in BiH. The new project, named GIVE (Geospatial Infrastructure and Valuation Enhancement Project), is planned to start in 2025 and aims to provide support in harmonizing real estate data between the Land Registry and Cadastre, public disclosure of cadastral survey data, development of spatial data infrastructure for FBiH, mass property valuation, and building registration. The FGU delegation was led by Director Željko Obradović at this meeting, and discussions were held in a constructive atmosphere with an exchange of opinions and ideas about the implementation of this important project.
