

Workshop on improving good communication in the Federal Administration for Geodetic and Real Property Affairs

09.10.2018 09:14

The working meeting of representatives of the Federal Administration for Geodetic and Real Property Affairs, the representatives of the Real Estate Registration Project Implementation Unit, and the CILAP project representatives was held in Sarajevo on October 04, 2018.

The topics of the meeting were a review of Federal Geodetic Administration activities and project implementation. CILAP project Director Mrs. Andja Zimić presented project results so far. Current activities, projects and the upcoming planned activities of the Federal Administration for Geodetic and Real Property Affairs were presented by Mr. Željko Obradović, director.

Considering the recently evaluation of the CILAP project, Mr. Denis Tabučić presented results/achievements of all six components, where they expressed satisfaction with the achieved results and emphasized that this is one of the most effective evaluations in which they have had the opportunity to participate. They especially pointed out activities on Address Register- 70 of 79 municipalities are included, and Sales Price Register- both of Entity Geodetic Administrations presented “Public display of Sales Price Register”.

It is commonly noted that such working meetings are extremely useful and can significantly contribute to improvement of project results as well as to familiarizing all employees with all activities executed by the Federal Administration for Geodetic and Real Property Affairs.
