

Workshop related to Sales Price Register - developing of application and final requirements

13.09.2016 11:57

In accordance with the planned activities of the CILAP project for a period 05-09.09.2016, workshop within the component 3: Support to the development of Sales Price Register was held in Sarajevo.

Workshop topics:

- Overview of work done regarding testing processes of SPR
- Discussion and preparation of final requirements for Developer before testing on pilot locations

The workshop was led by Mrs. Marija Rašković, expert regarding this topic from Serbia. The aim of the workshop was to follow up the status and development plan for the Sales Price Register. At the workshop, through discussion are resolved many issues that the working group met during testing phase and final set of concrete requirements are prepared for Contractor. When Contractor fulfill requirements of the working group, the software will start with validation phase. This phase represents the most important one since the system will be tested in day to day situations on pilot locations.
