

XVII Regional Conference on Cadastre and Spatial Data Infrastructure held in Budva

30.05.2025 09:35

From May 28 to 30, 2025, the XVII Regional Conference on Cadastre and Spatial Data Infrastructure was held in Budva, Montenegro, organized by the Real Estate Administration of Montenegro. The conference brought together representatives from geodetic and cadastral institutions across the region, international organizations and partner projects, and represented an important platform for exchanging experiences, best practices, and innovations in land administration and spatial data infrastructure.

During the conference sessions, Assistant Director Denis Tabučić held a presentation titled "Next Phase of Land Administration Development in the Federation of BiH " which presented the reform activities in the

Federation of Bosnia and Herzegovina, particularly focusing on the "GIVE – Geospatial Infrastructure and Valuation Enhancement" project, funded by the World Bank. Key components of the project are presented, including the digitalization of cadastral and land registry data, development of spatial data infrastructure, establishment of the address register, as well as activities related to mass valuation.

Director Željko Obradović participated in a panel discussion with directors of regional geodetic institutions, where common challenges were discussed, possibilities for mutual cooperation, and concrete steps for realization of joint regional initiatives, including strengthening interoperability and digital transformation of land administration institutions.

The Federal Administration for Geodetic and Real Property Affairs expresses gratitude to the host, the Real Estate Administration of Montenegro, led by Director Marko Bulatović, for their professional organization and warm welcome. Participation in the conference strengthened regional cooperation and confirmed the FGA commitment to contribute to joint efforts aimed at improving land administration and spatial data infrastructure at regional and European levels.
